Coordinator Sought For Living Nativity

Who will coordinate the Living Nativity this year? If the same procedure is followed as last year, there will be the one and only rehearsal Saturday, Dec. 20, and performances on Sunday, Dec. 21. Last year's coordinator, Lyn Bristol, has all the information in one envelope which she will hand over to anyone, two or three, interested in taking over the job. Lyn is not able to do the necessary backstage preparations but assist in conducting the choir and to assist on Nativity Week End. The Moses Mason House will be available once again to provide a warm gathering and dressing place. Snack foods can be brought there at any time Saturday should there indeed be a pageant this year.

If the 16 year old tradition is to be continued in Bethel, one or two key people are needed to coordinate this year's Living Nativity. It's not a difficult job and townspeople are very cooperative.

Food for thought: In order to prevent the extinction of this well-known tradition, it might be prudent for one of the service organizations such as the Chamber of Commerce to sponsor the annual pageant. There is no one "in charge" at present. Think about it, Bethel.

M. S. A. D. #44 DIRECTORS HOLD REGULAR MEETING

The M. S. A. D. #44 board of directors met at the Telstar Library on Monday evening of this week. The directors approved assistant basketball coaches at the Telstar Middle School. Rick Roy was appointed as assistant boys' basketball coach, and Jim Lunney was named as assistant coach of girls' basketball. In the event that there are 30 students are out for either team the position will be dropped. An increase in hot lunch prices was approved, effective Jan. 5, 1981. As of that date students in grades kindergarten through grade eight will be charged 40 cents; students in grades nine through 12 will have to pay 45 cents. Increased material costs and a reduction of Federal funding were cited as contributing factors in the increase.

Dr. Wayne F. Gerson was re-named as superintendent of M. S. A. D. #44 for the July 1, 1981 to June 30, 1982 period.

Ronald Deegan was named to serve as mechanic at the M. S. A. D. #44 Transportation Center. Mr. Deegan's appointment fills the vacancy created by the recent resignation of David Crockett to accept employment elsewhere.

The directors granted approval of the concept of a Career Education Independent Study Plan for S. A. D. #44 for the 1980-81 school year, to be conducted at no expense to the district. Thomas Riley, S. A. D. #44 Career Education Team Leader, stated that the team will develop the program in concert with Telstar Principal Warren Bouchard and Dr. Gerson, superintendent. The project is to include Telstar juniors and seniors and will continue on Page Eight

"ALL THE KING'S HORSES" TO BE SHOWN AT GOSPEL CENTER SUNDAY EVENING, NOV. 30

The public is cordially invited to see "All the King's Horses", Sunday evening, Nov. 30, at 6 o'clock, at the Bethel Gospel Center on Route 26, Bethel.

"All the King's Horses" is the true story of a marriage that, like Humpty Dumpty, "has a great fall". Sandy tells their story in the film.

"After a couple of years of rather rocky dating, Jack and I married. Two boys were born to us and life was pretty good, but gradually we became just two people sharing the same house. Jack had accepted the Lord and given up motorcycle racing to please me before our marriage, but I began to suspect that he had just gone through the motions.

"Arguments turned into fights, and once when I had run home to Mom with a black eye, Jack's old love of motorcycles was rekindled by going to a hill climb with a friend. He began to spend most of his time with the motorcycles until I was convinced he didn't care for his family anymore. I thought that Jack had turned so far away that I couldn't live a Christian life around him. I wanted a divorce!

"Several near tragic events added to our unhappiness. When at last I realized God's will, I discovered it took more than 'All the King's Horses' and all the King's men' to put our marriage back together again."

The Board approved a victualer's license for Susanne Burris d/b/a Calico Corner Coffee Shop in West Bethel.

Robert Davis, Fire Chief, and John Greenleaf, Ambulance Service Manager, met with the Board to review space for the ambulance service. Mr. Davis, representing the members of the Fire Department, indicated that the Department felt that another vehicle housed in the Fire Station would crowd it and make it difficult for the Fire Department to operate effectively. After extensive discussion of alternatives, the Selectmen directed the Town Manager and Ambulance Service Manager to investigate possible storage space for the back-up ambulance for an interim term.

The Town Manager reviewed with the Board the provision of ambulance service to other towns and recommended fees for 1981. The Manager was directed to notify the other towns of the 1981 costs and to develop detailed costs of ambulance operations for review by the Board in six months. The Board will review this information and determine if there should be any change in the fee structure for 1982.

In other action the Selectmen voted to support study of the Androscoggin River Basin by the New England River Basin Commission prior to any hydro-power development on the river.

NEWS FROM THE WEST PARISH CONGREGATIONAL CHURCH

Last Sunday's service at the West Parish Congregational Church witnessed an outstanding performance by the Youth Fellowship and Sunday School. Jay Davis, son of Mac and Nancy Davis, proved to be a very able worship leader. Assisting as advisors, teachers and coaches were: Jane Chandler, Carolee Doty, Meen Enright, Mrs. Herbert Lylen, Steve and Peggy Wight, Ted and Linda Davis, and Mary Valentine.

This coming Sunday will be the first Sunday in Advent. The annual Advent Workshop is planned for Sunday afternoon. Some of the workshop tasks include making and hanging wreaths and other green decorations, hanging banners in the sanctuary and getting out the birch log candle holders. Fresh evergreens are needed for the 40 wreaths required for the church's decoration and for the annual Christmas Fair and Tea on Dec. 6. All community members interested in helping with the Advent Workshop are urged to come Sunday afternoon from 2-5 p. m.

Sumner Burgess, Chairman of the 1981 Stewardship Committee, announced that pledges received on the first day of the campaign amounted to one-third of the total goal of \$25,000, a very encouraging start. At a meeting held in the evening of Nov. 23, the Stewardship Committee worked on assignments for conducting a complete canvass of all church members and friends.

The second session of the Adult Study Group met on Sunday evening at the church. The topic for this course is Latin America. Each session is guided by Jim Chandler who will hold the next class on Dec. 7 at 7 p. m. Anyone interested in joining these study group sessions is very welcome.

DIFFERENCES IN BRITISH AND AMERICAN SCHOOL SYSTEMS NOTED

The chief differences between British and American school systems are the United States' colorful textbooks and its system of elementary and secondary school counseling. This is the opinion of two British teachers who have been visiting the University of Maine at Orono's College of Education. Andrew Milbourne and Peter Noon, teachers in the Norwich, England, school system are studying American public school systems as well as American-style basketball during a month's leave from their regular jobs. Two Maine teachers are scheduled to visit the Norwich, England, school system next year.

Miss Lottie Butters and Bruce Stevens spent last week end with her parents, Mr. and Mrs. Seymour Butters.

On Friday, Nov. 21, Muriel Faudi, with Verna Swan, Georgia Jordan and Mary Knights, attended the Western Older Citizens Council membership meeting in Livermore Falls. The speaker was Robert Burgess from the Consumer Division of the Attorney General's office and entertainment was provided by Paul Dube, guitarist-singer.

Coordinator Sought For Living Nativity

Who will coordinate the Living Nativity this year? If the same procedure is followed as last year, there will be the one and only rehearsal Saturday, Dec. 20, and performances on Sunday, Dec. 21. Last year's coordinator, Lyn Bristol, has all the information in one envelope which she will hand over to anyone, two or three, interested in taking over the job. Lyn is not able to do the necessary backstage preparations but offers to conduct the choir and to assist on Nativity Week End. The Moses Mason House will be available once again to provide a warm gathering and dressing place. Snack foods can be brought there at any time Saturday should there indeed be a pageant this year.

If the 16 year old tradition is to be continued in Bethel, one or two key people are needed to coordinate this year's Living Nativity. It's not a difficult job and townspeople are very cooperative. Food for thought: In order to prevent the extinction of this well-known tradition, it might be prudent for one of the service organizations such as the Chamber of Commerce to sponsor the annual pageant. There is no one "in charge" at present. Think about it, Bethel.

M. S. A. D. #44 DIRECTORS HOLD REGULAR MEETING

The M. S. A. D. #44 board of directors met at the Telstar Library on Monday evening of this week. The directors approved assistant basketball coaches at the Telstar Middle School. Rick Roy was appointed as assistant boys' basketball coach, and Jim Lunney was named as assistant coach of girls' basketball. In the event that fewer than 30 students are out for either team the position will be dropped.

An increase in hot lunch prices was approved, effective Jan. 5, 1981. As of that date students in grades kindergarten through grade eight will be charged 40 cents; students in grades nine through 12 will have to pay 45 cents. Increased material costs and a reduction of Federal funding were cited as contributing factors in the increase.

Dr. Wayne F. Gersen was re-named as superintendent of M. S. A. D. #44 for the July 1, 1981 to June 30, 1982 period.

Ronald Deegan was named to serve as mechanic at the M. S. A. D. #44 Transportation Center. Mr. Deegan's appointment fills the vacancy created by the recent resignation of David Crockett to accept employment elsewhere.

The directors granted approval of the concept of a Career Education Independent Study Plan for S. A. D. #44 for the 1980-81 school year, to be conducted at no expense to the district. Thomas Riley, S. A. D. #44 Career Education Team Leader, stated that the team will develop the program in concert with Telstar Principal Warren Touchard and Dr. Gersen, superintendent. The project is to include Telstar juniors and seniors and will continued on Page Eight

The Willing Workers were entertained by Mrs. Mary Fleming Nov. 24. The following attended: Miriam Morgan, Sheryl Wilbur, Polly Bean, Bethany Bean, Mary Ellen Andrews, Olive Davis, Martha Clements, Lucie Verrill, Mr. and Mrs. Bill Riley and Maynard Fleming, besides the hosts.

The treasurer, Sheryl Wilbur reported that \$232.34 was cleared on the supper that was held Nov. 11.

The Christmas party date was set for Dec. 22 at Miriam Morgan's home. The secret sisters will bring their gifts for the names drawn last December. Also exchange gifts will be brought to be numbered for drawing.

Thanks were extended to Buster Poland for building our fires at the supper and it was voted to give \$10 to Ledgeview in memory of Bernice Davis.

Betty Silver was reported in the CMMC hospital suffering from a broken neck from an auto accident Tuesday during the first snow fall. It was voted to send her a card from the Willing Workers.

The program consisted of pictures from Saudi Arabia, Iran and other places of interest in that area. Bill Riley spent 18 years in that country as administrator of a school, so he had first hand knowledge of the countries around there. His talk with slides was very interesting. After this talk he played a few numbers on his accordion with some singing along.

Mary Fleming served a tasty lunch after the program and a social time was enjoyed. Don't forget December 22 when Mrs. Morgan will host the Christmas party.

All members are on the sunshine committee. Please contact the President, Olive Davis, or the secretary, Sheryl Wilbur, if you know of illness of the members.

Lots of snow—sleet—rain—wind—or what? I won't bank on much sunshine that's a thing of bygone days. Let's see, the Go-Shoes have been on the hook all week but weather permitting they will get an airing about Wednesday, Dec. 3. Gotta go to the big city of Norway. Thanksgiving with its turkey and all the fixings that are stuffing has come and gone. Some people entertained—some were entertained but now Santa Claus is foremost in everyone's mind. There is no end to the list of things some folks want—others have very small lists. I like postage stamps for a gift. I use a lot of them in a year and they help more than some fancy gadget to set on a shelf. Pretty cards are expensive and postage too. For a Merry Christmas greeting a plain post card is fine as I cannot see or read is no pleasure at all.

Dinner guests Thanksgiving day at Eva and Joe Yates were Mr. and Mrs. Bernard Hutchins, Lucy Billings and Mandy Lynn, of East Andover; Mr. and Mrs. Gregory Adams and Robert of Sweden; Mr. and Mrs. Michael Woolf of Auburn; Mr. and Mrs. Lawrence Yates of West Paris. Later in the P. M., Mr. and Mrs. Bryce Yates came in for a nice long call. No seven minute call this time; a really nice call.

Mr. and Mrs. Bryce Yates and Edwidge had dinner with her parents, the Arthur Myshalls, Thanksgiving.

A phone call Friday from Carroll (Tom) Yates in Golden, Colo., says he is O.K. and busy as bustiness or there is picking up all the time.

No Maud—no Verna—no Elsie all the week—too busy.

Greenwood City

— Mrs. Collista Morgan, Corres. —

As I sit here tonight looking from my window, there are no stars. There is no other sound than the rustle sound of a breeze through a few tenacious leaves somewhere out beyond my window.

There have been heavy clouds all afternoon bringing on a false night. High sighing sounds of wind developed on its wings sleet-like rain. So as winter sets in, it is more than snow and ice-bound rivers. Primitive forces are at work; sometimes awesome, sometimes beautiful and full of wonder. Whether the snow stays for long or soon vanishes in the breath of a warm spell; it is a change, a happening, the beginning of a new season.

Weather can change quickly here in Maine. We may experience sunshine to rain, snow, hail or sleet, cold or warm, or all in reverse. Right now I think it will turn to snow but if I should step outside tomorrow morning and find the sun shining and warm I shall not be surprised.

This week I have walked some in the roads fringed with the dark forest where the evergreen trees were silent sentinels of history and common in this area. Their scent is full of mystery-fragrance. In the background rose the mountains, blue tipped and distant.

My snowshoes which were not used last winter still wait for a journey into the forest and the fields frosted with white. The silence and the simplicity of the landscape is usually soothing and there are winter pictures to remember and to review.

WALKING WITH JESUS CHRIST

Well, turkey day has gone and soon Christmas will be here—these are happy days, especially for youngsters. Mother loves it but wishes it weren't such a chore—shopping—cooking and all those things. Dad joins in often wishing he could do more—but generally it's a happy season—yes, there's illness, poor folk, lonely hearts and far away relatives. Churches prepare their services and shops will be aglitter with people on the move.

Unlike Thanksgiving—Christmas is celebrated all over the world. Christmas is a joyous time—for this is the day of Christ's birth almost 2000 years ago—Jesus whose very existence changed the world and turned it upside down as he proclaimed the truths of the Bible that were neglected over the years.

The Bible is honest—the old Testament is the foundation upon which Christ taught—the new Testament, so delicately and exquisitely weaves the pattern of God's plan for individual lives—now and for ever more.

The Christmas story so beautifully written, as in Luke, the second chapter was foretold by the Prophets in ages past—and later described by John 3:16 "For God so loved the world, that he 'gave' his only begotten Son, that whoever believeth in him should not perish, but have everlasting life."

Have you asked yourself—is Christmas for Christians?—was the birth of Jesus Christ intended for believers? Well, John the Baptist would say yes—and its true—but, have you considered that Jesus came for the non-believers—for the ones that are not close to God? He said in Mark 2:17 "They that are well have no need of the physician, but they that are sick. I came not to call the righteous, but sinners to repentance." Luke 9:56 "—but to save them."

The lesson here—should you feel the urging meet Jesus as your Lord and personal Savior—then now is the time to accept, the greatest Gift ever—Jesus Christ, the Son of God.

The Bible says: Romans 10:9 "That if thou shalt confess with thy mouth the Lord Jesus, and shalt believeth in thine heart that God hath raised him from the dead, thou shalt be saved."

"God's Favorite," an updated and hilarious interpretation of the Book of Job, was first staged in 1974.

The cast for the current production includes: Karen Tilton of Jay; Jim Amoro of Chesterville; Herb Cousins of Wayne; Gerrie Cummings, Brenda and Wendy Moore, David Henderson and Greg Legere of Livermore Falls.

Letters to the Editor

Dec. 2, 1980

To the Editor:
The Greenwood Fire Department Auxiliary would like to express their gratitude to the following for their help during a particularly busy year:

To the Bethel Citizen for printing of articles and ads that did not always beat the deadline but were necessary to ensure success of our projects.

To the Jackson-Silver Post of the American Legion for the generous offer of use of their hall for benefit suppers.

To the Locke Mills Union Church for their ever present support to families hit with hard times.

To the Yankee Grocer, Bob's Corner Store, Jordan's Restaurant, and Bethel IGA for donations and discounts which keep our costs to a minimum.

To the many people we have solicited from and to all those who have attended our suppers and sales.

The true spirit of this season is alive and plentiful in our community and we wish you all the happiest of holidays.

Greenwood Fire Dept. Aux.

To the Editor:
On Nov. 22, in Andover, a gun happy person shot a nice collie dog, no he was not killed but wounded so bad, and left there to die. The dog had great stamina and made it to the house but I had to have the vet lay him away.

The worst part was that I had a grandchild that cried for over an hour as well as myself and I am 65.

I hope that person is proud of himself for shooting our pet that we all loved so much.

ANNUAL CHRISTMAS FAIR DEC. 6 AT RUMFORD POINT CONGREGATIONAL CHURCH

The Ladies Aide of the Rumford Point Congregational Church is holding its Annual Christmas Fair Dec. 6 from 10 a. m. to 2 p. m. Various hand made items will be on sale along with candy and baked goods. A luncheon will be served from 11 a. m. to 1 p. m. consisting of sandwiches, chips, pickles, bars, and coffee or punch.

BRYANT POND UNITARIAN-UNIVERSALIST CHURCH NEWS

The Children's Choir was a lovely addition to the Thanksgiving Service at the Bryant Pond Unitarian-Universalist Church. Special thanks to Tanya Corrin for singing "Blowing in the Wind" and to all of the children: Michelle Cummings, Lori Jamison, Darlene Haskell, Tammy Billings, Tanya and Greg Corrin, Tommy and Shanda Morgan, Janel Martin, Vicki and David Seguin, and Brandy Russo. The children are now learning songs for Christmas, and are planning something special.

The Friday Night Discussion Group meets again this Friday, Dec. 5, at 7 p. m. in the basement of the Bryant Pond Unitarian-Universalist Church. The subject is about Jesus—the missing years. Discussion will be on what happened when Jesus was between the ages of 12 and 30. Come and join the group.

Thanks to everyone who worked on the church Christmas sale, and contributed items or time. It was greatly appreciated.

Sp4 SMITH VISITS EAST BERLIN
Sepc. 4 Dennis E. Smith, son of Mr. and Mrs. Homer Smith Jr. of Route 2, Bethel, entered East Berlin to observe conditions on the communist-controlled side of the Berlin Wall.

Since the infamous Berlin Wall was built, some 50,000 people have risked their lives to escape East Berlin and find freedom in the West.

The excursion was part of a three-day orientation tour of the divided city that is given to U. S. Army members stationed in Europe. According to Army officials, the Berlin Orientation Tour is intended "to give American soldiers a first-hand look at the differences between a free and a controlled society, so they can see for themselves why they are stationed in Europe." The hope is that the contrast will add new meaning to their roles and assignments. Under the Potsdam Agreements, members of the U. S. Military are permitted access to East Berlin.

In August 1976, Germans on both sides of the Berlin wall observed the 15th year of its existence. Numerous memorial services were held at the graves of the hundreds who lost their lives trying to escape into West Berlin.

NOTES FROM

White Mountain National Forest

The second edition of "Planning News" is now available at the District office. "Planning News" is a newspaper that describes the status of the White Mountain National Forest Plan and provides an opportunity to participate in the planning process. The current edition lists issues to receive emphasis in the Plan and the preliminary decision criteria against which various alternatives will be measured. You are invited to pick up a copy and offer your comments.

The White Mountain National Forest comprises 115% of the land area of the State of New Hampshire and National Forest land is included within the boundaries of 55 towns in New Hampshire and Maine.

Nationwide there are 154 National Forests. The White Mountain National Forest ranks 103rd in size (acres) but in the top 20 in total recreation use with an estimated 5,824,700 visits in 1979.

There are over 200 locations where you can start a hike from a road in the White Mountains. The total employment related to the harvesting and products made from wood from the National Forest approximates 1,500 jobs.

There has been a dramatic increase in the number of free firewood permits issued to individuals on the National Forest. In 1979, 1,526 permits were issued to gather 7,360 cords of wood. About one-half of one percent of the total land area of the National Forest is opened to some type of timber harvesting each year.

Between five and seven thousand people camp overnight on the National Forest during busy summer evenings.

The ski lifts and runs of six privately owned alpine ski areas are located totally or partially on National Forest land. These organizations operate under a long-term permit. A portion of the income from these ski areas is returned to the Treasury of the United States and to local towns.

The Society for the Protection of New Hampshire Forests was largely responsible for creation of the National Forest in New Hampshire. The first acquisitions of land for this National Forest were in 1914 at a price of \$13.25 per acre.

IN MEMORIAM
In Loving Memory

Mary and Lisa Howard
I walked out and sat in the sunshine and watched some small children at play.
I listened to childish laughter and studied them much of the day. Somehow I hadn't lost all their virtues.
The love they so freely express the beauty they find in each other the fears they so ably confess. A small, long-haired girl came toward me with a cookie in each dimpled hand.
Her wide, searching eyes full of questions she was trying to understand. She held forth her hand with a cookie and tears I'd forgotten I had welled up in my eyes and brimmed over.
Her face became wistful and sad.
Time itself cannot erase the scars of a wounded soul. For marks are left upon the face as grief has demanded its toll. The scars are there, refusing to mend.
There's never one alone, but two. Each one is a counter part, yes, a broken body but subtle. Grief will scar the stoutest heart, always a reminder of another day.
Time is supposed to heal all wounds or at least that's what they say. God will help me all He can. I'm sorely grieved and in despair. God knows I miss you Mary and Lisa.
but I know you're in good hands there.
Sadly missed by mother, sisters and brothers

Power was off in this area for six hours the day before Thanksgiving.

The freezing rain and then the heavy rain of Friday and the night took a lot of the snow and raised the water level of the pond. It should have helped some of the dry wells.

SEVENTH GRADE STUDIES AT
TELSTAR MIDDLE SCHOOL

The following is a report written by Vicky Dyer, Crystal Haskell and Scott Korhonen as an assignment in Mr. Brown's seventh grade Maine History Class at the Telstar Middle School. The assignment was to make all necessary arrangements to begin a colony in the new world to include 100 people and three ships.

"It is 1689, we had just heard from an English captain that there is a great land across the sea. It amazed our minds. We (Scott, Vicky, Crystal) were thrilled to hear about such a land. The captain showed us the land on a map. We were so amazed we asked to keep the map. He was a very generous man and gave us the map. Weeks later we began to decide to make a colony out of the hundreds of thoughts that we had. It would take a lot of money, but we asked the church to supply us for our livestock and other things. They were very willing, and wanted to know a lot more about it. We said of course as soon as we make more plans. Then went to the king and asked him for three ships. It took a lot of explaining but he granted us our wish. We had two ships the same size, one was quite a lot bigger, we needed it for cargo. For our colony we needed many things, but we didn't have all that much room in the ships for everything so we managed to narrow it down to only the things we really needed for the colony. We decided to take forty chickens, fifteen oxen, twenty nine turkeys, twenty pigs, and thirty-six cows. They needed plenty of hay and corn.

"We also decided that we needed plenty of seed, so we brought corn, wheat, and carrots. We all thought of a way to get a reasonable amount of people for our colony. So we posted up a sign at the Local Trading Post. People from all over would see our request. We put this sign up on February 3, 1690. We left it there for one week. We went to get our sign at the trading post and we couldn't believe our eyes!!!! Three hundred and fifty people!!!! We were so very fortunate that so many people wanted to go. We had to think of a way to narrow it down to one hundred people. That night we all sat down to do some heavy thinking. Scott thought of an excellent way to narrow it down. Crystall and I were eager to hear his idea. It was to have a meeting, and for all the people who signed our ad to come, then we could pick the people that we needed, for the hundreds of jobs at the colony.

"It is February 15, 1690, we are at the meeting. It was a hard task but we did it. We took two school teachers, two doctors, six carpenters, one priest, two blacksmiths, fifteen woodsmen, five seamstresses, twenty farmers, two mapmakers, three sea captains and ten professional soldiers, fifteen housewives, ten children, three butchers and four hunters. All this equaled out to one hundred people.

"We set a date for all our passengers to be ready to go. Our date was March 1, 1690. As the willing to go. We had already loaded our cargo a week early. We gathered all our people. We put

fifty people on one boat. Scott, Crystall and ten other volunteers men stayed on the cargo ship to tend the livestock. I will be on the other passenger ship as the captain. I hired a trusty friend to tend the other ship.

"We sailed on March 30, 1690. The docks were crowded with people wishing us farewell. It would be a hard journey but we could do it. So far on our trip no one has gotten sick. Our people must be stronger than we thought.

"We have been sailing for three weeks and we ran into a huge storm. We all stayed together through it. We prayed to God for help, and to reach land safely. It was a long night.

"The next morning the sea was as calm as a bear in hibernation. The three ships were not damaged at all. We have been gone eight weeks and should be hitting land. Sure enough a young man spotted land! Land ho! he said. We were so excited that some people swam to shore. The three ships rested in the huge harbor. We stretched our legs before getting off. It felt so good for our feet to be on solid land again.

"After our little walk around we started to unload the ships. This was a hard task. We named the bay THE GOOD LUCK BAY. We all had unloaded the ships and livestock in three days. It was tremendous backaching work. We started right in on our cabins, and places for the animals. It took four days to build just one cabin. Some cabins were built like nothing. We had twelve cabins and two barns. Some women started on garden plots with the oxen. Our colony is coming along marvelously!!!! It has been just eight months. In such a little time so many things have been done. Our colony is doing extremely fine the reason for this is because of the will, determination, and hard work of the people in it. It is certainly a 'Good Luck Colony'."

"MADE IN MAINE FOR MAINE WINTERS"

Northwest Bethel

— Clarice Gibson, Corres. —

Sunday we were pleasantly surprised to see Frank's sister and husband, Mr. and Mrs. Edward Peavear, Hampton Falls, N. H., and mother, Mrs. Thirza Gibson, drop in. As it was spitting snow just about the time they arrived they stayed only a little while. If they had arrived only minutes before they could have talked with Ira.

Thanksgiving was a lovely day and we had only my folks, Mr. and Mrs. George Allen and George Gibson, Norway, for dinner. Our son, Jim, called in the morning to wish us a happy day. Then Friday the weather was terrible. What other way to describe sleet, hail and freezing rain. Imagine this slowed down the deer hunters as our road had closed to deer hunting the Saturday before and one had to go to East Bethel or below to hunt. Saturday wasn't too bad but today is spitting snow and at 3:30 p.m. is dusky. All in all another week end when we had all kinds of weather. I still like Maine.

A Grain of Wheat
Sarah A. Heinzling
I held up an open palm.
A grain of wheat so very small
That if alone it chanced to fall
Upon the ground
Could scarce be found;
Yet in its yellow husk reposes
"The staff of life" which God
encloses
In this frail form perhaps to teach
A lesson that will surely reach
Alike the great and lowly;
That unto all created things
Existence on the broad earth
brings
A mission high and holy.
Another lesson, too, it gives;
Of little use one grain of wheat
For either man or beast to eat,
Although its heart
May form a part
Of wholesome bread baked from
the flour
To which it gave its vital power;
Of little use until, at length,
It joined to other grains its
strength
For mutual help and good.
So human lives to be well-spent
Must labor for men's betterment
In common brotherhood.

MANUFACTURED HOUSING HEARING AT AUGUSTA DEC. 11

The Review Committee on Manufactured Housing will hold a hearing on Thursday, Dec. 11, at 10 a.m. in Room 228 of the State House, according to its chairman, Representative J. P. Normand LaPlante of Sabattus.

LaPlante said that the committee will be particularly interested in arguments in support of, or opposing the types of restrictive ordinance pertaining to the siting of mobile homes found in various municipalities throughout the State of Maine.

The Review Committee on Manufactured Housing, established by Legislative Resolves 1980, Chapter 54, has received a study report on Current Practices Relating to Siting of Manufactured Housing from the Department of Business Regulation. That report is confined to fact-finding and data analysis.

Chairman LaPlante commented that the study report has shown that mobile home have free access in many communities, but they are restricted in others. The committee is seeking information on the justification for and the acceptability of the restrictions. Then, the committee must determine what practices, if any, are acceptably discriminatory, and the extent to which they exist, and finally, recommend the appropriate remedy to the Joint Standing Committee on local and county government by January, 1981.
